## **ORAC DECOR®, a brand that's growing**

ORAC DECOR®'s current ambition? To keep on surprising you with decorative products that stand out in their quality, their innovation and their technology. With around 35 years of professional knowhow, we are naturally that little bit ahead. Today ORAC DECOR® has grown into a trendsetting European brand for synthetic architectural profiles and accessories.

But as a well-established brand we have a reputation to keep up - and so we keep on, single-mindedly looking for new ideas, new technologies and new designs in order to offer both the professional craftsman and the amateur decorator solutions that are at once functional and decorative. Solutions with a fanciful inspiration, but which always manage to match comfort with user friendliness, quality with reliability and tradition with innovation.

To grow further, we always start out with a market-oriented approach. Quite simply, what is going on in the ORAC community, our global network of professional installers, painters, architects, designers and admirers?

Let's face it, ORAC DECOR® lives off continuous innovation - off daring designs, ingenious technologies and creative solutions. Thus we have transformed our limited but innovative range of the seventies into a characterful offering that is both wide-ranging and comprehensive. In this ORAC Luxxus plays an important role as a premium brand for luxury creative profiles and decorative accessories. Over to you to discover this exclusive range...

## **ORAC DECOR®, eine Marke, die wächst**

Das Bestreben von ORAC DECOR® heute? Sie weiterhin zu überraschen. Mit Dekorationsprodukten, die herausragen. Sowohl was die Qualität als auch was die Innovation und Technologie anbelangt. Mit über 35 Jahren fachmännischer Erfahrung haben wir natürlich einen kleinen Vorsprung. ORAC DECOR® hat sich heute zu einer führenden europäischen Marke für architektonische Kunststoffprofile und Zubehörteile entwickelt.

Aber als renommierte Marke haben wir einen Ruf zu verteidigen. Und deshalb suchen wir weiter nach neuen Ideen, neuen Technologien und neuen Designs, um sowohl dem professionellen Fachmann als auch dem Interieurinteressierten zweckmäßige und dekorative Lösungen anzubieten. Lösungen, die spielerisch inspirieren und Komfort mit Benutzerfreundlichkeit, Qualität mit Zuverlässigkeit, Tradition mit Modernisierung in Einklang bringen können.

Um uns weiter zu entwickeln, gehen wir stets von einem marktorientierten Ansatz aus. Was beschäftigt die ORAC-Community, unser weltweites Netz professioneller Installateure, Maler, Architekten, Designer und Fans?

ORAC DECOR® lebt nun einmal von ständiger Erneuerung. Von gewagten Designs, einfallsreichen Technologien und kreativen Lösungen. So haben wir heute unser beschränktes, aber innovatives Programm der siebziger Jahre in ein ebenso breites wie komplettes stimmungsvolles Angebot übertragen. Darin spielt ORAC Luxxus eine wichtige Rolle als Premiummarke luxuriöser kreativer Profile und dekorativer Zubehörteile. Nun liegt es an Ihnen, dieses exklusive Programm zu entdecken ...

**Guy Tailieu**

# ORAC | LUXXUS

## **ORAC LUXXUS, as exclusive as it's creative**

ORAC Luzzus occupies an exclusive position within the overall ORAC DECOR® brand, as it contains a unique selection of luxury creative profiles and decorative accessories. A complete range to provide a total concept with real style - from cornices and panel mouldings, skirting-boards and wainscoting to lighting systems and door furniture, all with that little extra something.

The different mouldings are united in their strong visual impact, which means they help set the tone of your interior with their striking looks and contours or their conspicuous dimensions. In short, the ideal way to put that out-of-the-ordinary finishing touch to your decor. For convenience sake this inspired collection is divided into four styles - country living, contemporary, traditional style and royal chic. And what is more, we are continually adding innovative ideas and creations from top designers.

It's not just its remarkable design but also its impeccable quality that makes ORAC Luzzus so special. The mouldings are made from top quality plastics such as Purotouch® (high-grade polyurethane) and Duropolymer® (a high-density polymer) - materials of well-proven quality that also allow easy fitting.

## **ORAC LUXXUS, ebenso exklusiv wie kreativ**

Innerhalb der übergeordneten Marke ORAC DECOR® nimmt ORAC Luzzus einen exklusiven Platz ein. Das Programm enthält ein einzigartiges Angebot luxuriöser kreativer Profile und dekorativer Zubehörteile. Ein komplettes Programm für ein stilvolles Gesamtkonzept: von Eck- und Wandleisten über Sockelleisten bis hin zu Beleuchtungssystemen und Türdekorationen, jeweils mit dem gewissen Etwas.

Die verschiedenen Zierleisten haben alle eine stark visuelle Wirkung. Sie bestimmen die Atmosphäre im Haus mit ihrem auffallenden Look, ihrem Relief oder ihrer bemerkenswerten Größe. Kurzum, ideal, um einem Interieur einen nicht alltäglichen Finishing Touch zu geben. Die inspirationsreiche Kollektion wurde der Einfachheit halber in vier Stile eingeteilt: Country Living, Contemporary, Traditional Style und Royal Chic. Die vollständige Reihe wird darüber hinaus kontinuierlich um erneuernde Ideen und Kreationen von Spitzendesignern ergänzt.

Nicht nur ein außergewöhnliches Design, sondern auch eine makellose Qualität kennzeichnet ORAC Luzzus. Die Zierleisten werden aus Qualitätskunststoffen wie Purotouch® (hochwertiges Polyurethan) und Duropolymer® (ein Polymer mit hoher Dichte) hergestellt. Dieses Material hat seine Qualität bewiesen und erlaubt eine reibungslose Anbringung.

ORAC FLEX  
ORAC FLEX

ORAC FLEX, THE ELEGANT SOLUTION FOR ROUNDED AND CURVED WALLS.  
 ORAC FLEX, DIE IDEALE LÖSUNG FÜR GEBOGENE WÄNDE UND RUNDUNGEN.

Please find hereby an overview of all Orac Luxus cornices, panel mouldings and skirting boards which can also be made out of flexible polyurethane. Thanks to the flexibility of this material, it is now possible to decorate rounded walls and ceilings elegantly. These cornice and wall mouldings can be finished using the same methods as with the normal polyurethane mouldings.

Installation instructions are available.

Diese Übersicht zeigt Ihnen alle Orac Luxus Wand-, Eck- und Sockelleisten, die in flexiblem Polyurethan erhältlich sind. Durch die Flexibilität der Profile können gebogene Wände und Decken elegant bearbeitet werden. Erstmals besteht die Möglichkeit, unebene Wände, Rundungen oder auch selbstentworfenen Kurvenverläufe entsprechend mit flexiblen Leisten zu dekorieren. Die flexiblen Profile sind auf die selbe Art zu installieren wie die normalen PU-Profile.

Installationshinweise sind erhältlich.

## DecoFix Pro

### EXTRA STRONG installation adhesive

A slow-drying extra strong glue that ensures a long lasting seal between the mouldings and the wall and/or ceiling. Suitable for Orac Luzzus, Orac Axxent and Orac Basixx mouldings on porous surfaces and for interior applications.

### EXTRA STARKER Montagekleber

Langsam trocknender extra starker Montagekleber, der eine Verbindung zwischen den Leisten und der Wand und/oder der Decke herstellt.

Geeignet für Orac Luzzus, Orac Axxent und Orac Basixx Profile auf saugenden Untergründen und für den Innenbereich.

FDP700	290ml	7 à 8m
--------	-------	--------

## DecoFix Hydro

### EXTRA STRONG installation adhesive for EXTERIOR applications

An extra strong glue for exterior applications, in damp environments and on non-porous surfaces instead of DecoFix Pro.

### EXTRA STARKER Montagekleber für den AUßENBEREICH

Extra starker Montagekleber für Außenarbeiten, Feuchträume und nicht-saugende Untergründe (lackierte Oberflächen, Fliesen, etc.) anstatt DecoFix Pro.

FX200	310ml	min. 80m
FX210	80ml	min. 20m

## DecoFix Extra

### Adhesive for perfect jointing

A glue for seam joints between the mouldings. Push the profiles strongly to each other and remove excess of DecoFix Extra preferably before hardening (wait at least two hours) with acetone or Synth Thinner. The adhesive can be painted after 24 hrs.

### Kleber zum Verbinden von Profilen

Nach dem Auftragen des Klebers, die Profile fest aneinander drücken und überschüssiger DecoFix Extra am besten vor dem Aushärten (nach wenigen Stunden) mit Aceton oder synth. Verdünner entfernen. Überstreichbar nach 24 Stunden.

## INTERIOR INSTALLATION OF RIGID CORNICE MOULDINGS INNENMONTAGE VON ECKLEISTEN

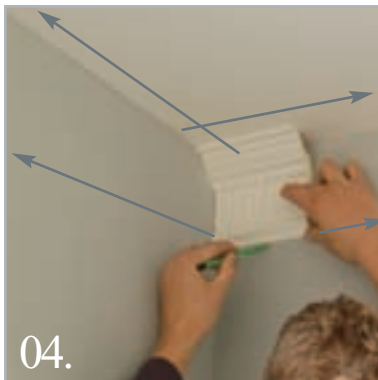

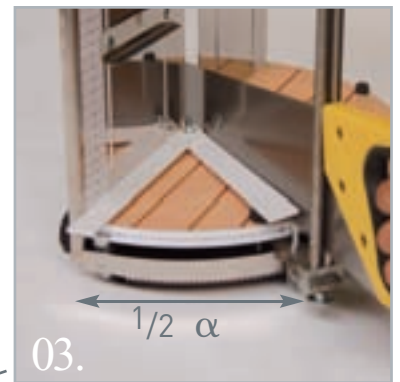

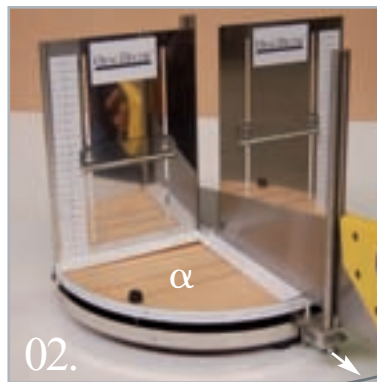

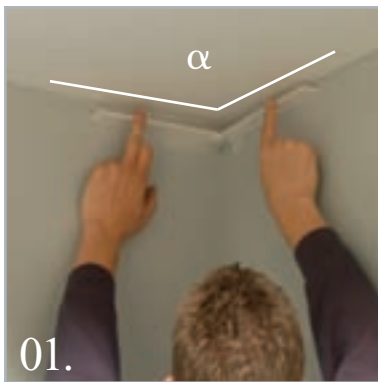

Full warranty coverage if provided instructions have been followed to the letter.

Die Garantie ist nur gültig bei einer Installation gemäß der Montagehinweise.

TECHNICAL INFO  
TECHNISCHE INFO

\* for exterior applications and in damp environments.

\* für Außenarbeiten und Feuchträume.

## EXTERIOR APPLICATIONS AUßENVERARBEITUNG

All Orac Luxus as well as the Orac Axxent products can be used for exterior applications and in damp environments. To glue the ornaments, you proceed exactly as for interior applications, but you replace the DecoFix Pro adhesive product with DecoFix Hydro. The products have to be covered with a special coating for outside use.

Alle Orac Luxus und Orac Axxent Artikel eignen sich, unter Einhaltung der Verarbeitungsrichtlinien, für die Verwendung im Außenbereich und Feuchträumen (Schwimmbad, Sauna, etc.). Für Außenarbeiten und Feuchträume zur Montage DecoFix Hydro anstelle von DecoFix Pro verwenden. Die Produkte müssen mit einer speziellen Fassadenfarbe versehen werden.

## GUARANTEE & FIRE RETARDANT STANDARDS GARANTIE & BRANDVORSCHRIFTEN

ORAC DECOR® ornaments are unbreakable, light and easy to install. They are processed in the same way as light wood and finished with a quality primer.

You will find all the technical information on our website [www.oracdecor.com](http://www.oracdecor.com). Guarantee terms and conditions apply if provided instructions have been followed to the letter.

Check the measurements of the ornaments on the premises before you start installing them, there may be some discrepancies in sizes or/and shapes against those stated in the catalogue. Do not hesitate to call for any further information you may require.

### FIRE RETARDANT STANDARDS

In many interiors and projects strict fire regulations are imposed. Therefore, ORAC has implemented a number of solutions depending on the country and its regulations. Please contact our engineering department for more detailed requests.

Alle ORAC DECOR®-Profile sind im Gegensatz zu Stuck aus Gips oder Holz leicht, sehr widerstandsfähig und einfach zu installieren. Qualitätsfarben, gleich ob Lack, Dispersion oder Lasuren, werden hervorragend angenommen.

Alle Technische Information finden Sie auf [www.oracdecor.com](http://www.oracdecor.com). Die Garantie ist nur gültig bei einer Installation gemäß der Montagehinweise.

Kontrollieren Sie vor der Montage die Maße und Beschaffenheit der Ware. Wir behalten uns das Recht vor, Produktänderungen, die ausschließlich der Verbesserung des Artikels dienen, den Vertragszweck nicht gefährden und zumutbar sind, ohne Vorankündigung durchzuführen. Wir geben Ihnen gerne telefonisch weitere Auskünfte.

### BRANDVORSCHRIFTEN

Für viele Interieure und Projekte gelten sehr strenge Richtlinien. Folglich hat Orac, unter Berücksichtigung der jeweils gültigen Normen in unseren Exportländern, eine Reihe von Lösungen ausgearbeitet. Für ausführliche Informationen kontaktieren Sie uns.
